OPENING CEREMONY

#GMS2020
VIRTUAL SUMMIT
SEPT 04 - SEPT 05

António Guterres
Secretary-General of the United Nations

ABOUT GMIS

The **Global Manufacturing and Industrialisation Summit** (GMIS) is the world's first cross-industrial and cross-functional platform that offers a voice and venue for leaders to **transform manufacturing and utilise technology as a tool for global cooperation and collaboration to encourage greater investment in capabilities, foster innovation and drive global skills development.**

Co-chaired by the **United Nations Industrial Development Organisation (UNIDO)** and the **United Arab Emirates**, GMIS unites influential delegates from the global manufacturing and technology communities, including leaders from governments, expert industry CEOs and specialist researchers and academics to **discuss, debate and shape the future of the manufacturing sector** and place manufacturing at the heart of economic regeneration and government policymaking.

- Food: Food stations featuring cuisines from the following countries:

Exhibition Opportunities

6 Day Exhibition
Dubai Exhibition Centre
EXPO 2020
November 22-27, 2021

EXHIBITION

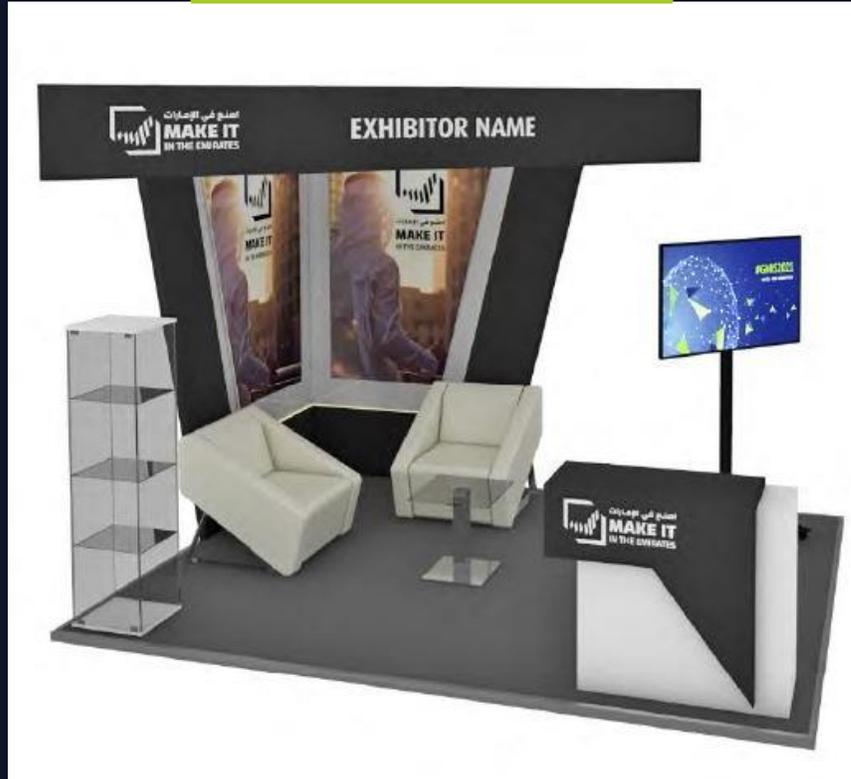

EXHIBITOR BOOTHS

1.5m display stand

12 sqm (4x3m)

36 sqm (6x6m)

WHY EXHIBIT

- Showcase your products, services or innovations in front of local, regional and global leaders from both the private and public sectors including potential buyers, industry players and decision makers
- Exhibit alongside one of the world's most high-profile manufacturing and advanced technology conferences
- High exposure to key decision makers. Previous attendees include members from the Royal Family, Heads of State, Ministers and Deputy Ministers, Cabinet Members, Heads of local government entities, Chairs and CEOs of some of largest local, regional and global organisations
- Increase your brand's awareness, develop your database and build new relationships with members from government and the private sector
- Gain access and insights from key industry leaders and bring yourself up to date with the latest technology and manufacturing trends
- Benefit from global media attendance and coverage
- Enjoy a list of benefits offered exclusively to exhibitors (see next slide)

EXHIBITOR BENEFITS

Access to the GMIS Conference

You will be given access to attend the GMIS conference – an exclusive invitation only event

Personalised Meetings

We will provide you with a list of potential customers and suppliers that we recommend you meet and connect with based on the product or service you offer

Social Media Coverage

Your company will be featured within our ongoing social media campaign pre, during and post the event

Database Email Blast

An email blast will be sent to the entire GMIS database informing them of your participation in the exhibition

Video Interview

A video interview will be offered to a member of your organisation and posted on all GMIS social and digital channels

Participate in Workshops

You will be invited to participate in workshops that will be conducted on the exhibition floor with other like minded individuals

EXHIBITOR BENEFITS

Thought Leadership Content

In the lead up to the Summit and exhibition, we will promote insights, reports, and thought leadership content from your organisation across all GMIS digital and social platforms

Advertising Insertion

You will be entitled to one (1) Full Page advertisement insert in the electronic Summit guide (Artwork needs to be provided at least sixty (60) days prior to the Summit)

Promotional Support

Have a new initiative or product to launch? Leverage the GMIS international and regional database, media and influencers and get your message heard

High Profile Visibility

Expose your brand to thousands of high profile delegates government officials and leaders from some of the largest local and global organisations

Logistical support

Our operations team will be at hand to support you to ensure a seamless journey from start to finish, including offering your team access to specially negotiated hotel accommodation rates

Knowledge Hub Contribution

Opportunity to submit reports, studies, or research papers (thought leadership content) to be made available on the GMIS website knowledge hub
